

# Global Parli

## Quarterly report

(December 2018)

### **Nation building through rural transformation**

The future of India lies in the rejuvenation and transformation of its villagers.

Join us in Global Parli to transform our nation.

**India can wait no more!**

**Mayank Gandhi**

Chief Coordinator

“India lives in its villages. To transform India, you need to transform its villages”.

**MK Gandhi**

## Basic Philosophical tenets

1. Do it because it is the right thing to do (Not because it gives you satisfaction or pleasure or name or money or fame) – *Immanuel Kant*
2. You have a right to perform your prescribed duty, but you are not entitled to the fruits of action. – *Bhagwad Gita Ch2V47*
3. You are the bamboo reed through which someone plays the music, so just go with the flow - *Sri Aurobindo*

## Working principles

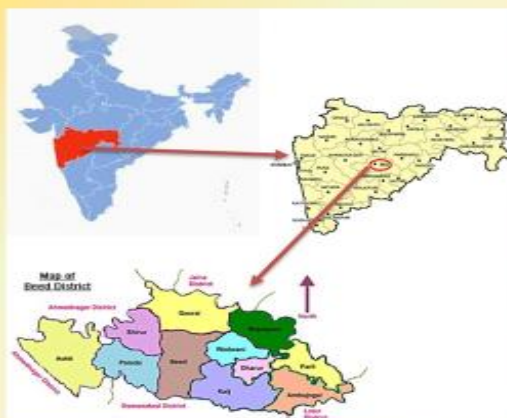

1. Global Parli is not just a social work project, but also an endeavour to build India.
2. Select worst affected cluster of villages.
3. Multiple organ failure – hence need to work on all parts at the same time. 360 degree working.
4. Using best available knowledge and resources to create a model that must be replicated across India.
5. Do not do the work of the Government nor of the villagers. Work as a catalyst to make things happen using Government resources, wherever possible.
6. Do not impose any “Isms”- political, social, economic nor moral. Do what is appropriate for the people.

## Cluster of 15 villages

### Project Area & Population

#### 15 villages of Parli tehsil from Beed District of Marathawada

Status Of Current Population				
No	Village	Population	House hold	Area (In Heactars)
1	Bhilegaon	1400	150	460
2	Gopalpur	920	150	160
3	Aurangpur	746	143	557
4	Ghoda Kaudgaon	3800	700	1047
5	Huda Kaudgaon	3086	400	1047
6	Sabla Kaudgaon	1088	275	579
7	Malnathpur	1000	150	1001
8	Mamdapur	1200	275	331
9	Parchundi	1000	130	251
10	Moha	5500	1056	1970
11	Revali	4000	300	835
12	Shelu	950	156	223
13	Vadkhel	1400	200	546
14	Vaka	2000	250	953
15	Waghala	2500	350	1234
<b>Total</b>		<b>30344</b>	<b>4612</b>	<b>10921</b>

# 360° Development

## Details Projects

### 1. Water Management

#### A. Paapnashi River

##### Work Done -

1. Deepening & widening of Paapnashi River  
2017-18 - 10.2 KM  
2017-18 - 2.0 KM  
Total - 12.2 KM
2. Recharge Pit on River bank
3. 20 borewells have been taken on river bank which will recharge the water.

##### Future Plan / Work to be completed -

1. Repairing work of 5 existing KT dams is in process. Will get completed by end of Sept 18.
2. New KT dam to be built in 3 villages.

#### B. 26 CNB's on tributaries of paapnashi river .

##### Work Done -

1. 19 CNB work is completed.

##### Future Plan / Work to be completed

1. 7 CNB's work is in progress.

## **2) Drip Irrigation**

### **Work Done -**

1. Farmers sensitization on switching in to drip irrigation is done.
2. Total Beneficiary 52

### **Future Plan / Work to be completed**

1. Drip irrigation to be given to 200 farmers by end of Dec,2018.

## **3) Sericulture**

### **Work Done -**

1. 110 farmers have done plantation.
2. 8 training sessions were conducted with the farmers
3. 2 farmers were attended 15 days training in Maysoor out of which one farmer has started chuky center in Rewali Village
4. 55 farmers have started taking batches. we have done the survey the example of 5 farmers is given below

Farmer name	Village	Crop Taken In	Area Of land	How many DFL used	Production (KG)	Sold In (Rs)	Total Income In 4 Months
Bhagwat Gawhane	Kaudgaon Huda	4 months	1 acre	150	90	352	31680
Madan Ubale	Waghala	4 months	15 Guntha	75	76	305	23180
Vithaal Bhure	Kaudgaon Ghoda	4 months	1 acre	150	90	250	22500
Manchak Fapal	Kaudgaon Ghoda	4 months	1 acre	150	90	300	27000
Dilip Todkar	Rewali	4 months	1 acre	175	160	352	56320

### **Future Plan / Work to be completed**

1. Group of 25 farmers is suppose to attend 15 days training in maysoor.
2. Nadep compost to be built for all the 180 farmers.
3. Surrey to be done to check the outcome.

## **4) Tree Plantation**

### **Work Done -**

1. Under "Amraiuykt Gaon" we have planted 4000 trees of Kesar mango.

## 5) Education & Sports.

1. Mr. Santosh Fad running Think sharp foundation and took up our 4 schools for Study Mall in which he will provide E-learning / sports material and library.

## 6) Smokeless chulhas

### Work Done -

1. We have distributed 176 Domestic smokeless chulhaas in 15 villages

### Future Plan / Work to be completed

1. Smokeless chulhas to be given to remaining 17 schools.

## 7) Solar Street Lamp

### Work Done -

1. 75 Solar lamps have been installed in all the 15 villages.

## 8) Mee Sabala

1. Our SHG women have put up a stall of cloth bags.
2. 2 of our SHG groups have received Rs. 300000/- as an incentive form Govt. to start the goat farm in which GP is motivating them and they have attended 3 rounds of training's. On the occasion Diwali both the groups have purchased 10 female goats (each) and 1 male goat. GP has given 10 goats to each group.
3. 3 of our SHG groups have started making various food items and we are promoting them by selling their products. UPL & Borosil are the great supports .

**मीसबला**

MAYANK GANDHI

All product made by hardworking women self help groups of drought - hit Parli Taluka in Maharashtra.

No.	Product	Description	Weight	Rs.
1.	Nutritional Kharadya	Miller's Nutritional & crisp Kharadya made by using millet flour, sesame seeds & salt.	200 gm	40

# Quarterly report (Mainly Highlights)

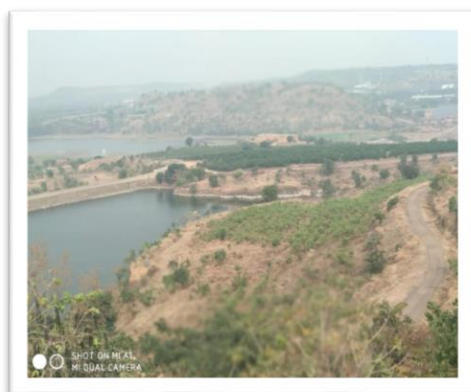

**3rd December 2018** - Started: step-by-step actions to reach 10 lakh fruit tree plantation.

- 296 Key farmers from the 106 villages of Parli are on the way to reach Jain Hills, Jalgaon in 6 buses for a 3 days field visit and training trip.
- There they will see various different technology of fruit plantation and agronomists and scientists will give them classroom training.
- That will allow them to make informed choice about which fruit plants to grow and why?

**5th December 2018** - Global Parli - mission 10 lakh trees

- Day 2 was spent by the 292 farmers travelling from one orchard to another in Jain hills. They saw the technology of drip irrigation, machines, food processing and of course, plantations. They were not remotely aware that farming that they have been doing for centuries has achieved such technology and knowledge. Must have been a shock to them. They are keen to adopt modern agriculture.
- The newly constructed memorial of the visionary founder of Jain Irrigation, Shri Bhawarlal Jain on top of a hill surrounded by orchards, was particularly beautiful.
- Today will be visit to Gandhi Peace Foundation and classroom discussions.
- Life for farmers of Parli is about to take a turn for the better.

## 6<sup>th</sup> December 2018 - GLOBAL PARLI - Mission 10 lakh trees

- Jalgaon field visit trip concluded with lectures and presentation by fruit tree agronomists and other dignitaries. Jain irrigation team will guide us on the technical aspects till the mission is achieved.
- For the farmers, lots to think and plan.
- Next level of training and interaction on 18th at Parli.

## 21<sup>st</sup> December 2018 - GLOBAL PARLI - 1 million fruit trees

- After conceptualising the plan for growing 1 million fruit trees as a sustainable solution for all the drought-ridden 106 villages of Parli, we have moved a long way ahead.
- After the farmers have been to Jalgaon to see the fields and hear the technical and commercial advantages of growing fruit tree, it was time for the next big public meeting.
- On 18th Dec, hundreds of farmers attended the meeting in which scientists and agronomists explained salient points of each fruit tree and the commercial aspects.
- There was excitement in the air.
- Lives and destiny could be changing.
- We thank Tanya Mistry, Azhaan Merchant and Zarine madam for coming all the way from Mumbai to encourage the villagers. I thank the agronomists who came from Jain irrigation, jalgaon to explain to the farmers and of course, our indefatigable team

## 24th December 2018 – Global Parli

- Students of Waghala Ashram shala (only upto 7th) were happy that GP had given them E-learning kit (Audio-visual syllabus on a 32" TV) and water filter.
- The toilets were dirty as there wasn't enough water. We intend to provide them solar pumps.
- The children really love it, when we go to their school. They decorated the bullock cart and led us into their school with the traditional "lezim" dance. Guests of honour - Tanya Mistry, Azhaan merchant, [Sanjay Parmar](#) and Zarine ma'm were overwhelmed by their love.

*Thank  
you*
