From my heart

Dear friends,

Our plan to transform India by a +ve, zindabad movement is catching momentum. As we shared this year's ambitious plans, thousands of farmers joined our meetings in Nanded and Parli. The energy was electrifying, as they listened to this year's plans of Marathwada that will transform their lives even more. The amount of love and gratitude we have received from farmers is unprecedented. Moreover, the change in their economy is now testifying the vision of our mission at Global Parli.

It's a people movement that has multiplied farmer incomes, thereby reducing suicides, hunger and poverty, dramatically.

INDIA CAN WAIT NO MORE

**Love,
Mayank**

Global Kachchh meet

The lion-hearted Kachchhi communities, once again opened their hearts and donated Rs. 13.25 Cr. in a packed meeting on 21st Feb, in the presence of Hon. Speaker of Gujarat, Dr. Nimaben Acharya and other dignitaries. (Earlier, on 1st Feb, in a similar meeting they had donated Rs. 6.25 Cr.) This money will be used for this historical movement of transforming Kachchh by integrated development of villages using water harvesting, increasing organic content in soil, developing gauchar lands for cattle grazing and planting of thousands of local trees.

From a water-deficient to a water sufficient Kachchh, the movement has begun - using scale, speed, focus and impact.

Nursery Inspection - Gujarat

Quality Planting Material (QPM) is a critical input in agriculture and forestry for increasing profits, enhancing adaptation to unfavorable environmental circumstances, and satisfying market demand for high-quality raw materials. As a result, we created a standard operating system for identifying nurseries and ensuring the quality of saplings in order to assure this intervention.

For which recently our team of technical experts and operations incharge visited Navsari (a small village in Gujarat district) to visit the mango nursery.

Strawberry fruiting in Marathwada

There is a concept that strawberry farming is practiced in cold weathers and high altitudes. But , we at Global Parli in consultation with experts have encouraged strawberry farming with best practices in the hot plains of Marathwada, successfully.

Our farmer Sugandh Rupnar followed the best practices provided by technical team on ground and the fruits have now begun. The best part is that the quality is excellent and it is getting a good market too.

On our public meeting of farmer on 27th Feb, farmers from all districts of Marathwada had come to witness the farm and learn more about it.

Year after year, we have been using extra chemical fertilizer and repeatedly taking the same crop from our black mother, that is, in the interest of more production from the soil, the texture of our land is damaged and today the agriculture business is collapsing.

However, the agriculture business which is the backbone of the country's economic system should remain strong, and add in the production of farmers to the farmers by distributing vermi compost beds to the farmers in Marathwada. A K Bhusanvardhan people movement is being set up.

However, by participating in the movement, thousands of farmer brothers are serving the country by conserving their soil. Global Vikas Trust family salutes all such farmer brothers.

Response of Bhoomi Sanvardhan

Banana plantation training

Banana plantation training was conducted in Khamaswadi village in Kalamb taluka and nearby regions. In which our agronomist Mr. Satish Burange Sir gave detailed guidance on pest diseases, fertilizer management, and water management for banana plants.

He made a visit to the actual plots of farmers and provided information to them about vermi beds and Global Parli's mission for 2022. In a periodic visit, Mayank Gandhi along with other guests also visited the banan farms to inspect the fruiting.

फळबाग लागवड करून उत्पन्न वाढवा- मयंक गांधी

सोयलमत न्यूज नेटवर्क मुद्रसंघ : जिल्ह्यात यावर्षी आमही २८ लाख विविध फळ झाडांची रोपे देणार, अशी घोषणा जलनायक मयंक गांधी यांनी केवळी. निकाय देवे शुक्रवारी आयोजित वेळेच्या शेतकरी मेळाव्यात हे बोलत होते.

मराठवाड्यातील शेतकऱ्यांची आर्थिक स्थिती अत्यंत विकट असल्याने सोयल ट्रस्टच्या माध्यमातून फळबाग लागवड क्षेत्र वाढले पाहिजे, यासाठी प्रयत्न सुरु केले आहेत. आता पर्यंत खोसाती कोटी फळझाडांची लागवड वेळ्याचे गांधी यांनी सांगितले. यावर्षी २८ लाख केवळी, परूड, पैरु, नासळ चिकू, मोसंबी, संत्री यासारखी फळझाडांची रोपे देणार असल्याचे त्यांनी सांगितले. डॉ. हीरचंद्र जगरे, देवीकांत देशमुख, डॉ. बुरगो, नीलेश देशमुख यांनी मार्गदर्शन केले. सुसंचालन शिस्तिंग ग्रुपचा यांनी केले.

Vermi bed training

Bhoomi Sanvardhan is a progressive effort by Global Parli to improve the health of the soil in our farmer's fields by encouraging and supporting the use of vermicompost beds that would increase organic components, soil nutrients, and microbial activities in the soil.

Recently we held a training session for farmers, educating them about the immediate need to increase the organic content in the soil and reduce the use of chemical fertilizers and pesticides, reduce nitrate leaching into groundwater and surface water, and recycle animal waste back into the farm.

Rotary group visit in Palghar

A collaboration for Nation Building, Mayank Gandhi's Global Parli + Rotary International coming together to achieve our mission of increasing farmer's income to a minimum of 1 lakh per acre per annum.

Officials from the Rotary Group visited the farmers of Global Palghar to witness the progress and share their valuable inputs. Thanks to their support in our national building movement of increasing farmer incomes.

Public meeting of farmers in Parchundi

Scan the QR code to watch this speech

A massive farmer meeting was organized in Parchundi village of Parli. This was attended by over 1,200 farmers. This was appended by a live demonstration of Strawberry farm plot right beside the meeting.

Mayank Gandhi addressed the gathering about Global Parli's vision for 2022. A world-class training centre, plans for micro-finance and forward linkage is envisaged to change their lives.

Other guests included Shri. Raamdeo Agarawal from Motilal Oswal group who motivated the farmers, Shri. Vishal Gada who shed light on the economics of Dragon fruit plantation, Shri. Mudit and other delegates.

Public meeting of farmers in Nanded

Over 800 farmers attended a massive farmer meeting in Niwagha, Nanded. Apart from the inspiring speeches by Shri. Mayank Gandhi, Shri. Raamdeo Agarawal, Shri. Vishal Gada, Dr. Haishchandra Wange, several other farmers also shared their experiences and how their lives have transformed after participating in the Global Parli's mission. The farmers in this region had planted Banana in massive quantity making it a possible belt for banana plantation. This would also attract the market to the farms and get the best prices.
