Global Parli's Process

1 *CHANGING MINDSET*
2016-2019

360° Participatory Development in areas of Water Management, Livelihood, Human Development, Social Reforms, Gram Swaraj, etc.

2 *TRANSFORMATION*
2018-2022

1 Water Management (2018-2019)

2 One Million Fruit Trees (2019-2021)

3 Transforming Economy (2020-2022)

3 *REPLICATION OF THE MODEL*

Taluka-by-Taluka and District-by-District Transformation of the Country

Main Activities

Drumstick Production

**3 Million Fruit Tree
Plantation - Outreach
Activities**

Field Visit

Papaya Sapling Plantation

**Mobilization
Meetings**

Collector Meeting

Papaya Sapling Plantation

Total Target 2020	3000000	%
Achieved	310435	10
To be Achieved	2689565	90

	Papaya Orders	Papaya Distribution
Total Farmers	202	201
Farm Plantation	310435	307730
Total Acres	311.78	308

Drumstick Production

No. of Plants	Expected Production per Kg	Total Production in tonnes
1,23,917	5	619

Drumstick saplings that were planted in July will be ready for harvest in the coming months. Harvest season will last until May 2020 and the production of drumstick is expected to be around 619 tonnes. This is excluding the leaves and flowers that can also be sold. Global Parli is now working towards connecting drumstick farmers with buyers.

Field Visit to Shirdhon

Under 30L Fruit Tree Plantation, Global Parli has completed more than around 9% of papaya plantation. A training session was arranged for farmers at Shirdhon. More than 100 Farmers were present at this training.

Experienced agronomist Sameer Maheshkar gave a lecture on the importance of intercropping and how it can increase farmers' income.

Live example of marigold as intercrop with papaya was shown to farmers to explain intercropping techniques.

3 Million Fruit Tree Plantation - Outreach Activities

District	Outreach in No. of Villages
Beed	70
Latur	99
Osmanabad	132
Parbhani	119
Raisen	231

Our initial outreach activities have begun in all districts we are going to work in. This phase involves going to villages, talking to the local headmen, and putting up publicity materials such as posters and banners and handing out pamphlets about the Program. Concurrently, meetings to explain the program have also begun.

Mobilization Meetings

In addition to outreach activities, large meetings are also being organized in all four districts of Marathwada and in Raisen, Bhopal to encourage farmers to switch to horticulture. Last week, two such meetings were organised in Deulgaon and Palam in Parbhani district.

Beed Collector Meeting

The Collector of Beed - IAS Rahul Ashok Rekhavar organized a meeting with civil servants of Beed District to discuss various rural livelihood and transformation activities happening in the District. Global Parli was invited to talk about its 30 Lakh Fruit Trees Project.

Points covered in this meeting were:

1. Mr. Amit Mahaske of Maharashtra Village Social Transformation Foundation (MVSTF) spoke about the 16 indicators on which transformation work is ongoing. The Collector instructed that all MVSTF villages should go for tree plantation. Farmers will also get benefits of this scheme.
2. District Agricultural Officer Mr. Misal spoke about the Climate Resilient Agriculture Project under which subsidies upto 75% for small farmers and 65% for farmers with holdings upto 5 hectares will be available for Post-Harvest Techniques. The project currently runs in Keij, Ambajogai, Parli and Dharur Talukas of Beed.
3. Agriculture Extension Service D.G Mule and experts from KVK spoke about the importance of intercropping and trainings for farmers.
