## Vision & Mission

### **Mission**

Ensure that every farmer in India earns a minimum of Rs. 1 lakh per acre per annum.

Nationally expand our "proof of concept" model using scale, speed, and impact.

### **Vision**

Make India a global superpower again.

**Our Cumulative Target for FY  
23-24**

6.5 Crore Fruit Tree Plantations

# From my heart

This year, the heat has been the highest in the memory of locals – reaching up to 46 degrees. Generally, in Marathwada, a couple of showers start by mid-June and then the rain Gods withdraw till it comes in full force in July end till September end. Marathwada has historically been a low rainfall area (average 650 mm), but last four years have been reasonably good.

As per IMD, there will be normal rainfall this year, unless El Nino plays spoilsport. This is that time of the year, when we are all on tenterhooks. Please join me in praying for good rains.

So much depends on that.

## 'Pulling farmers from poverty trap way to transform India'

on the rise. After repeating his victory in Delhi he captured Punjab. What accounts for his success?

The focus on satisfying primary needs of the poor by giving low power and water has made him a favorite of the electorate. Also, focusing on the aspirational needs of good education has made him popular.

Mamank Gandhi (68) was the face of India Against Corruption (IAC) as well as the Aam Aadmi Party (AAP) in Maharashtra. However, he left it all in disgust. What is interesting is that for the past few years he has been engaged in rural transformation through his Global Purli Project. He has inspired thousands of farmers to diversify their crops and adopt effective agricultural practices and helped boost their incomes significantly. S Bhaskararaman spoke to him about his career and creative work. Excerpts from an interview:

Mamank Gandhi

How did you go from an itinerant journalist to an increasingly large way has created a brand and image of being pro-poor. Non-KAP workers, amongst them Madanji, Dulha, SC, STs, are being wooed in a big way.

Do you think Kejriwal has moved away from the ideals of IAC?

Kejriwal has moved away from the IAC movement (and now he is into) power seeking.

What made you start the Global Purli Project?

I had a desire to transform the

nation and I believed that there are other paths to serve the nation besides politics. Inspired by Mahatma Gandhi's observation that "the soul of India lives in its villages", I chose Beed, the worst area of India, where there was maximum farmer suicides, poverty and drought. I feel that if we can transform this area, then we can transform India.

How successful has been the experiment?

Since 2015, we have created a mass movement of farmers to improve their lives. Water harvesting, shifting rows, mulching, and increasing incomes have been achieved by over 18,000 farmers. More than 3.75,00,000 fruit trees have been planted, increasing annual income from Rs25,000 per acre to above Rs4,00,000. The experiment has been enhanced and in the last four years, when we started planting, it has been an excellent monsoon for the region. Beginning with 15 villages, we are now working in 2,800 villages in 27 districts of Maharashtra and MP.

What are your future plans?

We will continue to expand our nation-building work by including more villages, districts and states to pull thousands of more farmers from the poverty trap. We are also making a centre of excellence for training farmers to adopt practices that can multiply their incomes.

Global Vikas Trust (GVT) is proud to announce that their article, "Growing Farmers' Income," has been published in two of India's most renowned newspapers. This achievement is a testament to GVT's hard work, dedication, and passion for the nation's cause. GVT's mission is to increase farmers' income by 10X or more per acre through sustainable agriculture practices and innovative technologies. This article showcases the success stories of farmers who have partnered with GVT and seen a significant improvement in their livelihoods.. GVT's work has had a positive impact on farmers' incomes and the environment, inspiring others to support similar initiatives.. GVT is committed to improving farmers' lives and promoting sustainable agriculture practices, and can be contacted for media inquiries

## 18 हजार किसान ग्रामी के दखल से बाहर निकले केले की खेती में बदली किसानों की किस्मत

मुंबई | मुंबई. केले की खेती में संलग्न और उत्पादन बढि के परिणत डर हार किसान जीविकोपार्थी की किसान सदा से हैं। दुर्भे 2022-23 में किसान ग्लोबल विकास ट्रस्ट के सहयोग से केले के खेती 4.3 लाख हेक्टर पर शुरू की जाये और दुर्भे किसान सदा की किस्मत के सुधारके पर 16 गुना ज़रूरत पड़ेगी।

जमाना मिले की गरीब हाहाला के रोना था के जमाना सोचिये पड़ते में पकाने कि का कपान से से जेने नरने किसानस 38 लाख 15-16 लाख में मिलता था और जमाना जमाना हीरो की लेखन इस सारा टुटने से 7 लाख में गेट मिले, हे पकाने पर 1.75 एकर में 3 किलोस की गेने से 6 लाख 5 हजार में मदद की और जमाना अरुही मिले। पहले कपान के खेती में कुलुविल 40-45 हजार रकम मिले थे और जमाना किसानों के बाद मुम्बई में किसान था जमाना पर 1000 से 6 किडोमी की पकाने के खेती से बाहर निकलने में। हम आम तक 3 करोड 75 लाख से जमाना गेट लगा की है। पहले की खेती के पकाने जमाना 30-35 हजार कपाने पकाने किसानों के यमानुषी से के पकाना कपाने की भी किसान केले की खेती के सुधारके पर 16 गुना ज़रूरत पड़ेगी।

● सफल जमाना पर 16 लाख के किसानों से लक्ष्य कुली है। हमारी कोशिश है कि हम जमाना के सफल पर लक्ष्य कुली और जमाना के जमाना किसानों की जमाना कुली में जमाना सदा रहे।

## Meeting at Khoste Village.

The Khoste village of Shahpur Taluka was granted 1200 acres of land under the "Community Forest Rights" category. For guidance, the villagers approached GVT after examining the complete land. Our Agronomist suggested improved varieties of Black Jamun, Karvanda, and jackfruit for the project, and Tussar silk production from wild silkworms was also suggested. GVT has assured us to provide technical assistance to the project.

# Marathwada Noteworthy Events

## Parbhani University Vice Chancellor's visit

Shree. Indra Mani, Vice Chancellor at Vasant Rao Naik Marathwada Krishi Vidyapeetha, Parbhani visited Global Krishikul. Global Vikas Trust and the university are in discussion on signed MOU for technical collaboration towards plantation, training etc.
