

Global Parli

Monthly Report (October 2019)

Nation Building Through Rural Transformation

The future of India lies in the rejuvenation and transformation of its villagers.
Join us Global Parli to transform our nation.

India can wait no more!

Mayank Gandhi
Chief Coordinator

India lives in its villages. Only prosperous, self-reliant villages can transform the nation.

Global Parli's Process

1 **CHANGING MINDSET**
2016-2019

360° Participatory Development in areas of Water Management, Livelihood, Human Development, Social Reforms, Gram Swaraj, etc.

2 **TRANSFORMATION**
2018-2022

1 Water Management (2018-2019)

2 One Million Fruit Trees (2019-2021)

3 Transforming Economy (2020-2022)

3 **REPLICATION OF THE MODEL**

Taluka-by-Taluka and District-by-District Transformation of the Country

Main Activities

**One Million Fruit
Trees Target
completed**

**E-Learning
interview**

**Launch of One Crore Trees
Plantation**

**Field Visit for Survey
Preparation**

Rainfall and CNB Dams

One Million Fruit Trees Target Achieved

Crop	Variety	Total Acre	Total Plantation
		3189	1175096
Sitafal	Super Golden	856	282368
Lemon	Sai Sarbati	753	148606
Banana	G9 (Tissue Culture)	97	145837
Moringa	Sindhivinayak Moringa	295	145785
Papaya	Taiwan 786	160	135039
Guava	L 49	353	140816
Mango	Kesar	421	128966
Orange	Kala Patta	191	33768
Sweet Line	New Shelar	43	7720
Pomegranate	Bhagwa	21	6191

Field Visit for Survey Preparation

After completion of fruit trees plantation, we decided to pick a random sample of around 30 farmers to visit their farms. Our purpose of these visits was to examine the crop plantation, understand the crop economy along with farmer earnings from previous crops, identify key challenges that could be faced during field survey of all plantation done under Global Parli, and identify farmers that are using innovative farming techniques on their land.

E - Learning Interviews

Global Parli has finished installing e-learning kits in all 19 schools of the villages. This month we visited Waghala Ashram School, Parchundi School, and Moha Ashram School to speak with students and teachers about the e-learning kits.

Attendance in schools has increased as a result of these kits and teachers said that students showed more enthusiasm in learning than previously seen.

For students, audio-visuais are very engaging and a way to learn about things they have not seen in their immediate surroundings. For some students, visual aids helped them understand information better. For example, seeing a map helped them understand directions and location of Beed.

Launch of 1 Crore Trees Plantation in Maharashtra

After witnessing the handling of the Aarey issue, Global Parli has decided to move forward with this challenge in a positive way instead of adopting reactionary tactics. Mayank Gandhi Sir made two very important announcements:

1. Global Parli has successfully completed the plantation 11.75 lakh trees in Beed, located in the drought prone area of Marathwada Region, showing that it is possible to transform lives in a positive way.

As a strong response to Aarey, Global Parli will plant One Crore Trees in Mumbai and rest of state, especially Marathwada in the next few monsoons.

2. As an immediate measure, Global Parli is willing to provide over 21600 plants within next fortnight with all materials including GPS tracking and monitoring to anyone who is willing to plant them in Aarey.

Rainfall and CNB Dams

After intermittent rain and sun (very good for crops), last week of October saw enough rains to fill all watershed treatments such as CNB, farm pond, well recharge, KT Weir Dams in Parli. Total rains have been 97% of normal rains (696 mm against 332 mm last year). Even the recharge shafts on the Paapnashi installed at Parchundi, Bhilegaon, Waghala, and Malnathpur saw water seep into them. This bodes very well not only for immediate water needs of the region but also for ground water recharge.

Water flowing into the recharge shaft installed on the Paapnashi at Parchundi
