Meghraj Group Completes Sale  
of its  
Infrastructure Consulting Business  
to  
Fichtner Group

March 2021

Meghraj Group is delighted to announce that it has completed the sale of its infrastructure consulting business, based in India, to the Indian subsidiary of Fichtner Group, Germany's leading independent engineering and consulting enterprise. Meghraj and Fichtner's relationship goes back several years, and we have partnered on several proposals over this time.

Chandrashekar Iyer and the team of highly experienced infrastructure consultants are now transferring to Fichtner India. Meghraj Group would like to thank Chandrashekar for his leadership of Meghraj Capital, India, both in leading the investment banking business, and for starting and building the consulting business over the last decade. We would also like to thank all members of the consulting team for their hard work and dedication and wish them well in in this next phase of their careers.
