Meghraj Capital International Infrastructure Consulting  
Supports  
Bureau of Energy Efficiency (BEE), Ministry of Power, India  
and International Finance Corporation (IFC)  
in co-organising webinar on  
**Unlocking ESCO Market Potential for ESCOs**

**India, 29 September 2020**

Meghraj Capital’s international infrastructure consulting business, along with Frost & Sullivan, supported the Bureau of Energy Efficiency (BEE), Ministry of Power, India and International Finance Corporation (IFC) in organising a webinar for Energy Service Companies (ESCO) on “Unlocking ESCO Market Potential for ESCOs” on 29 September 2020.

ESCOs are one of the main vehicles to tap Energy Efficiency (EE) potential in India. In order to enable the ESCO market transformation in India, the aim of the webinar was to increase the knowledge base and skill sets of ESCOs on various aspects including market potential, financing, new and advanced technologies.

The webinar received an overwhelming response from ESCOs with over 100 participants from more than 50 ESCOs participating. Eminent Speakers from BEE, Small Industries Development Bank of India (SIDBI), Associated Chambers of Commerce and Industry of India (ASSOCHAM), Edelweiss Financial Services, BOSCH Energy & Building Solutions India covered wide range of relevant topics like ESCO market (National/International), EE financing initiatives, appraisal of EE projects and successful case studies.
